

THE WEB

Dr.Jaya Prasad
Assistant Professor
YSNM College
Nilamber Pitamber University
Daltonganj, Palamu
Jharkhand.

The Web

The spider
With crooked legs
Crawled leisurely
Making a web
A net for insects
A dream house for itself
To relish with pleasure
Delicious breakfast
Of that little insect, fly or ant
Little aware that the lizard is eyeing it
With a daze avaricious
So goes the cycle of nature
Each after the other
Caught in the web of life.
